GCSE Science 2 1997  
GCSE English Language 1997  
GCSE English Literature 1997  
GCSE Geography 1997  
GCSE German 1997  
GCSE Art 1997

**Occupation:** July 2002 to Date - Wood & Douglas Ltd

I currently work for Wood & Douglas as a Research and Development Software Engineer. This entails creation of code solutions to run on Microchip PIC microcontrollers using C and product setup GUI's using C++. This position involves being part of the design team through from initial concept to final product, running full code tests on the prototype hardware.

**Previous Work Experience:** October 1999 to March 2002 - PC World Southampton

For 2½ years I worked as a Computer Engineer at PC World. My roles included PC repairs, upgrades and telephone support of both hardware and software.

July 1998 to September 1999 - Tesco Bursledon

I worked part time for Tesco as a customer assistant. The job involved warehouse work, security, customer care, but mainly checkout operation. This gave me experience of working for a large company and dealing directly with customers.

June 1997 to September 1999 - Roma Electronics

On Saturday mornings, I worked for Roma Electronics in Warsash, in their workshop, assembling new PCs to meet customer specifications. When the PCs were built I configured them with a wide range of software, to satisfy individual customer's needs. I am able to repair PCs and most related equipment. I also provided customer assistance and product demonstration at the point of sale.

March 1996 to September 1997- Newspaper Distributor

Delivery of local 'Free Papers' , working for two different distributors.

July 1994 - February 1996 - Park Gate News

Early morning daily paper delivery round, before school for a local Newsagent.

**Other Interests:**

PIC projects

At home I enjoy undertaking various Microchip PIC based projects. My current project is a fully working MP3 player using a Compact Flash card to store the music. I share my projects with others on my website at [www.mpic3.com](http://www.mpic3.com).

Motor Sport

My other interests include Formula One motor racing and off road rallying. I have enjoyed both watching & taking part in off road rallying events at Brands Hatch near Kent.
